

M Deepak Reddy

Student | Data Science

• +91 9398329032 • mdeepak7781@gmail.com • Hyderabad,Telangana

PROFESSIONAL SUMMARY

Data Science and Machine Learning student with hands-on experience in building **AI/ML models and web-based applications**. Skilled in data analysis, model development, and project deployment, with a strong interest in solving real-world problems using data-driven approaches.

TECHNICAL SKILLS

Languages: Python, JavaScript (ES6+), Java, SQL

Frameworks: React

Databases: MySQL

Tools: Git

PROFESSIONAL EXPERIENCE

Project Experience

Engineered multiple machine learning solutions involving **classification and predictive analytics** on real-world datasets

Deployed applications using **Flask/Streamlit**, enabling real-time predictions and user interaction

Applied strong problem-solving skills to translate business problems into **data-driven solutions**

EDUCATION

Bachelor of Science in Computer Science

Maturi Venkata SubbaRao Engineering College(MVSR) | Telangana **GPA: 7.8/ 10.0**

CERTIFICATIONS

AWS Academy Data Engineering

Amazon Academdy

AIML Virtual Internship

Eduskills

KEY PROJECTS

Intelli Credit | <https://github.com/deepak7781-git/intelli-credit>

An AI-driven loan prediction model that analyzes user data to assess creditworthiness and risk. Enhanced model performance through data cleaning, feature engineering, and optimization techniques.

Dia-Predict | <https://github.com/deepak7781-git/diabetes-prediction-app>

Built a **machine learning-based diabetes prediction model** to identify high-risk patients using medical datasets. Enhanced performance through data cleaning, feature engineering, and hyperparameter tuning techniques.
